

Brookland Junior School

Year 6 – Summer Home Learning Menu

Art/DT

Begin to collect images or ideas from actual places they have visited of playground areas to assist them with their designs in their structures unit of DT

Spanish

Create a poster encouraging people to visit a famous Spanish city of your choice.

Access the variety of Spanish games on <https://www.bbc.co.uk/bitesize/subjects/zxsvr82>

History

Migration means moving from one place to another, often for a season or a longer period of time and very often because of circumstances where people are currently living. Research the possible causes of migration or consider your own family's heritage and if there has been any migration and why.

Wellbeing

Reflect positively on your achievements and successes during your time in Primary School. Present these in a drawing, collage/painting or even a PowerPoint presentation.

PE

Create your own striking and fielding game. Ensure that you have set clear instructions and rules.

PSHE/OUR RIGHTS

Begin to consider the transition from year 6 to year 7. Spend some time familiarising yourself with your new school's website. List three things that you are excited to experience and any concerns that you may have.

Music

Once we have informed the children about the end of year show, we will be sending the lyrics home for them to learn.

Whatever role the children choose, they will all need to know the songs.

Science

Record your resting heart rate in the morning, after an activity and before bed. Write a short description on your findings.

Research either the heart or lungs to discover in more detail how each of these organs works.

RE

Consider the variety of religions/world views that we have taught over the year. Which one interests you most? Create a poster advertising the religion. Ensure that you include symbols and key figures and the religion's key beliefs.
